

## The Smell of Wine and the Taste of Food.

Cooking class and wine Experience.

This is very special tour: our journey starts near Garda Lake. We will be special guests of a Country House, surrounded by vineyards, for a hands-on cooking class lesson. Then we will have lunch with prepared recipes.

Our afternoon will continue in Valpolicella where, after an overview of the territory, we will visit two wineries tasting the most representative wines of Valpolicella.

Garda Lake, Bardolino, Valpolicella: among vines and vineyards, country houses, cooking, wineries, wines. From Garda Lake to Valpolicella, admiring their sceneries. Two different land but one single territory and its best aspects: Veronese land.

Typical wines of Garda Lake accompany us during cooking class and will pair perfectly the recipes. In the afternoon we will visit two wineries in Valpolicella, tasting their most representative wines.

Hands-on cooking, with local ingredients and your curiosity. You will cook and then taste a simple menu of typical Veronese recipes, based on the season and climate. Not just looking and understanding, but a real experience: this is our philosophy.

One day's journey of Culture and passionate knowledge, with relaxed rhythm and your schedule. No mass tourism place. Any other group with us.

You will informed: every time you will know where you are, which road we drive, which Wineries and noteworthy place will be near us.

Thanks to Valpolicella's map and introduction, technical sheets for all wines and winery, you will always informed, following your tour step by step. It is not a tourist service: wine experience appeals to "amateur" wine lovers and professionals - wine importers, sommeliers, restaurateurs, wine journalists... (for beginners and for experienced tasters) and to all those who would like to develop or discover more about Valpolicella and its wines.
